

# Marbles

## Things to do...

### On the estate

Walks There are many lovely walks around the estate (a map is in cottage guide). The South West Coast Path runs through the southern boundary of the estate near the beach. You can walk from Marbles to Lyme Regis (takes 2 hours with children approx 3 ½ miles) or to Seaton (approx similar distance) and beyond.

Part 2 - <https://www.southwestcoastpath.org.uk/walksdb/634/>

Alternatively, just a stroll along the driveways and paths of the estate can while away a few enjoyable hours. This [map](#) will help you find your way around.

The [9A costal bus service](#) runs between Seaton and Lyme Regis and is useful to catch for a return journey to and from the beach resorts. For more information and timetables see [here](#)

**The beach** - The walk to the private Charton Bay beach takes about 30-40 minutes from the door. The path is rugged and very steep in parts. You may wish to take the car down the track (very rough narrow terrain) and park in the small car parking area before taking the cliff path to the beach. See further information in the cottage guide (feel free to take the notes with, I replenish each week) , but please note that the path can be slippery and is steep in parts so please be cautious with older people and toddlers.
